Montrose Cast Stone Blocks

Cast Stone use of cement and aggregate makes it an appropriate and attractive product for use in new build and refurbishment projects. It is durable and can match the appearance of many natural stone finishes.

Cast Stone Quoin Blocks

Cast Stone is comparable to natural stone as a building material in appearance and performance. It can be formed to almost any shape and size.

Montrose Cast Stone

Base Course Block, Window Jams, Lintols, Date Stone

Cast stone is defined as any product manufactured with aggregate and cement intended to resemble and be used in a similar way to natural stone.
