

LEITHS QUALITY POLICY

The Leiths Group of Companies specialise in a number of business activities including quarrying, haulage, road surfacing and civil engineering. It is the prime objective to provide products and services of a quality standard and reliability, within agreed timescales, which will satisfy the needs of its customers and regulatory requirements, and to do this in a manner which encourages repeat business.

The group operates a quality management system that complies with the requirements of ISO 9001 & PAS 99 (Integrated Management Systems). The system, including this policy, is reviewed during our monthly Integrated Management (IMM) Meetings to ensure its ongoing suitability and effectiveness.

Senior management within the company are committed to:

- Continual improvement of the effectiveness of the quality management system.
- The development and regular review of objectives at our monthly Integrated Management (IMM) Meetings.
- Complying with customer requirements, Highway Sector Schemes, relevant Product Standards and other applicable requirements.

- Issuing the quality policy to its employees and subcontractors.
- Ensuring employees are appropriately trained and understand their responsibilities so that company objectives and requirements can be achieved.
